Food Production Training Program Is Offered Adults In Hamlin School

"FOOD FOR VICTORY" IS THE WATCHWORD

An egg production school will be organized at the Hamlin High school building Monday evening at eight o'clock. Any person, man, woman or child over the age of seventeen years and out of school is invited to take this course. It is being sponsored by the Hamlin School Vocational Agriculture department. There will be no charge whatever. Just because you live in town does not mean that you are not eligible for this course. We are at war and we have not seen any shortage of food yet. Come and learn what you can because the better you are acquainted with the production of food for victory the less this country will suffer.

The primary aim of these courses is to provide systematic instruction which will aid individual farmers to make and carry out their plans for attaining the commodity production goals designated by the Secretary of Agriculture.

Every person who has anything to do with the production of food for home use or for the market should be interested in learning everything possible about the commodity that they are producing.

Hamlin C-C Directors

To Observe Nov. 11th

The Chamber of Commerce went on record in their meeting of Oct. 20, to observe November 11th as a holiday with business houses closed and to sponsor a rally and patriotic program to boost sale of War Bonds and Stamps.

Card of Thanks

Our son Norris Shira, who was real sick with Typhus Fever in the Stamford hospital, is at home again and will likely soon be well.

So many kindnesses and remembrances were shown him and the family while Norris was ill, that we wish to extend our deepest thanks for everything. We would like to single out and name all the individuals who sent flowers—whoever you were, we thank you. We will mention the Senior Class; the F. F. A.'s, The Pied Piper Team and Coach; the Hamlin Rotary Club and Supt. Gordon Bennett. Unless one has been in a situation like that we have just experienced, they can never know just how much even the smallest courtesy means. Truly so many were so kind that our words cannot tell you how we thank you.

Mr. and Mrs. Ezra Shira
And Norris
And All The Family

Mr. and Mrs. Marvin J. Hill of Silver City, New Mexico, spent the past week in Hamlin visiting Mr. Hill's parents, Mr. and Mrs. J. W. Warner and other relatives. They may not get to make often visits after gas rationing starts, and will hear from Hamlin through the Herald.

Uncle Sam Rejects Men

For military service, if their eyes are defective. When our Government places this high premium on good eyesight, why should any person neglect it? Now you can get scientific sight service in Hamlin and not travel to distant cities. Save gas and tires. See

Jones County Men

Keep 'Em Flying

My Dear Editor:

You and your readers will be interested to know that the men from your county, whose names are listed below, have volunteered and been enlisted in the Army of the United States in the branches of Service indicated.

We are truly grateful for the splendid co-operation the newspapers of this district have given us. As a result of the effective publicity you are giving to the opportunities for enlistment in the Army, West Texas has a higher percentage of enlistments than any other district in the five states comprising the Eighth Service Command.

Here's Something For The Men In Service

The Herald has just received a shipment of the most lovely gold embossed stationery for boys in the service. Attractive gold designs:

FOR THE ARMY
FOR THE NAVY
FOR THE MARINES
FOR THE AIR FORCE
FOR THE COAST GUARD

and one other kind shows a Gold Eagle carrying the National Flag.

This stationery is the very thing for presents for the boys. They will appreciate a box from home of this nature. Don't wait, these beautiful designs will go fast. It is priced very low for the beauty and quality. Buy it blank or have his name printed at a small extra cost. THE HERALD.

Boxes beautifully assorted Christmas Cards with your name imprinted, priced \$1.50 up. Herald Office.

The Santa Fe R. R. "Scrapping" The Japs

The Santa Fe Railway deserves credit for its efforts to support the national newspaper scrap iron and steel campaign with its current and timely advertisement urging all to get this needed scrap into proper hands "before the snow flies".

The Railway has been keenly alive to the nation's need for this metal since Pearl Harbor. In fact, since the Harbor horror the Santa Fe has collected 210,716,000 pounds of the now precious metal for conversion into essential war materials. That is a huge heap for any scrap but it is the kind that will beat the Jap and our other foes. It was collected from right-of-way, shops, offices and all company properties.

With its own job well in hand the Santa Fe now turns to aiding the nationwide newspaper campaign to dig up every bit of scrap possible to help our Nation and our fighting men.

As a member of the newspaper fraternity of the United States, sponsoring this patriotic campaign, we welcome the Santa Fe's help in spurring collection of vital metals, and with the Santa Fe, urge all—to get in the scrap "before the snow flies".

Hamlin Upsets Haskell To Win Game 34 to 0

What was expected to be one of the closest games of the season turned out to be a one-sided contest in favor of the Pied Pipers on Pipers Stadium last Friday night. By comparative scores (which do not mean much) Hamlin was supposed to come out winner by one touchdown. However, the Haskell Indians had some serious injuries in practice during the week before the game which took out of the game two of their best players, and this left the team in a very weakened condition.

The first touchdown came in the first seven minutes of play after Hamlin has recovered a Haskell fumble on the Haskell 40 yard line. A 22 yard pass and a few short plunges placed the ball on the 7 yard line, from which point Hudson raced over standing up. Kick for extra point no good. 6 to 0.

In the same quarter Gene Witt side-stepped all tacklers on a 37 yd. jaunt for the second tally. Witt to Witt pass combination was good for the try for extra point. 13 to 0.

The second quarter was scoreless. In the third quarter, Hudson went over from the eight yard line for the third touch down. Try for extra point no good. 19 to 0.

In the fourth quarter, Hamlin recovered a Haskell fumble on the Pipers 21 yard line and without losing possession of the ball worked it to the six yard line from which point Dean Witt went over for the fourth touchdown. Extra point no good. 25 to 0.

Standing on their own twenty yard line, the Haskell team had a bad pass from center which went over the goal line and was covered by a Hamlin player for a safety. 27 to 0.

Hamlin returned a free punt by Haskell following the safety to the Haskell 43 yard line. Here Carr took the ball in a wide end sweep and galloped 43 yards for the final touchdown. Hudson plunged over the line for the extra point. 34 to 0. The game ended with Hamlin in possession of the ball, marching down the field.

Cleve Callaway States Campaign Views

Cleve Callaway's home county citizens say that he is Senatorial timber, capable of reasoning from cause to effect, reliable, courageous and honorable. Cleve Callaway is an over-seas veteran of World War One whose loyalty in this terrible crisis can be depended upon.

Cleve Callaway makes the following statement himself: I agree with the President when he said that the American people are far more aroused to the seriousness of the present times, and far more willing to sacrifice than congress. The people are more familiar with the crimes being committed by John L. Lewis' hijacking henchmen, in the name of Union Labor, than Congress and her investigators are. The people have in every precinct representatives that can give them first hand knowledge along that line. You people are familiar with how production in this country, on the farm, in the oil fields, on the ranches, and in the factories, is being sabotaged by the political muggwumps selling our very life blood to the pressure groups, for what they think is political gain.

I think the time has come to elect leaders who are responsible, and willing to accept the responsibility at all times for the condition of their country. We have got to elect men with iron down their backs, honesty in their souls, and patriotism in their hearts. Men who will tell the people the unvarnished truth about what is being done in his department of government even if it peels the hide off of his or his friend's back. That I intend to do if elected to the State Senate.

Self serving public officials with a pocket full of ismic remedies; such as giving every soldier one hundred and sixty acres of land and a jeep after the war, or as one suggested, forty acres and a mare mule to raise mules from; are about as necessary as a broken leg.

Let's get wise to ourselves. I believe with our governor; that we have got to quit wasting money in this state government, and leave that money in productive channels, what the hungry maw of the War Machine does not need. This is a war of production, and it is up to us people to do it, but we cannot do it if we are hamstrung by political pandering to pressure groups and organizations. There are plenty of Kaisers and Higganses in this country if the government gives them a chance.

Let's fortify with Cleve Callaway in the Senate.

Dr. Joe W. McCrary Makes Statement

Several weeks ago I was under the impression that I would be called into service in a few days. But it seems that so many volunteers from the profession of dentistry have been accepted it has developed a surplus of dentists.

There is no need for anyone to hesitate in starting dental work. I will have ample time to finish any work started before having to leave. At least fifteen days will be given for one to close up his home work. Keep this in mind. I am carrying on my business as usual and will handle my customers as usual.

W. L. Walton Home Destroyed By Fire

Saturday afternoon a call came to the Hamlin Fire Department to come out to the W. L. Walton farm home, about two miles southeast of Hamlin on the Neinda road, to fight a fire that started from an oil stove.

The fire wagons rushed out and fortunately there was water in a tank close enough for them to do some nice work. Not all of the household goods were lost. Some furniture and bedding was saved.

How The FSA Has Helped Us

By Mr. and Mrs. Haskell Riley

In 1940 we were without a place. All we had was 2 cows, 2 old brood mares, and a Model A car. We owed \$50.00 on these things. We were working at day labor for \$1.00 per day, just barely enough to get by.

Then the FSA came to our rescue and made us a loan to buy a man's crop, chickens, 2 cows, tractor and tools. The loan was pretty high, but we took the risk. The man that owns the place where we live gave us a lease for 5 years on the place. We moved to this place in June, 1940 and made a fair crop that year. We paid the FSA a good sum but not all of our debt, then we went in debt for a good bunch of milk cows and chickens, which paid our living expenses.

In 1942 we made another fair crop and lots of feed, but because of rising prices on everything, it took more to live. We went in debt again for 600 chicks, also for the Water Facility Plan, which is the most wonderful thing a farmer could have if he is trying to raise livestock, chickens like we are.

Because of the FSA, we have better health as they provide ways and means for a wholesome diet. We have a more comfortable home because they provided the things that are needed for a comfortable living.

We are thankful for the FSA because they have helped us look for-

ward to a future, where before everything looked black and disgusting, as we could not see ahead.

If nothing happens, we plan to pay our debt in full this fall. We have enough property left to value about \$2,000 at the price things are now.

Let me say, that we have two little girls, and that we can never thank FSA enough for making it possible for us to have health, happiness and a comfortable home.

The FSA is really the farmers' friend. If you give them a chance they will help you in every way. They want you to can a lot of food, but who doesn't want to can for their own good. I have learned to can the right way, to preserve vitamins and keep food that I didn't know anything about until we got into the FSA program.

I have learned to plan well balanced meals without much money, because we have the food at home.

It's true, we don't have much money to spend, but it's worth a lot to raise a living at home. We all should be doing that, because if this war lasts, we can't buy the food that we need to keep our bodies healthy.

(The Herald regards this type of governmental aid the soundest and most reasonable of all. Watch this family, and ere long they will no doubt have a nice farm home all their own.

"The World At War" Picture Coming To The Ferguson Theatre

"The World At War," first feature length motion picture to be officially sponsored by the United States Government, now is being distributed to theatres throughout the country by film companies co-operating with the Bureau of Motion Pictures of the U. S. Office of War Information.

A pictorial history of a decade of war that led to the attack on Pearl Harbor, the film traces and shows the pattern of aggression by Germany, Italy and Japan.

Among the original bookings in Texas, the picture is scheduled for showing in Hamlin at the Ferguson Theatre, November 3 and 4th.

The material for "The World At War" much of which has never been seen before in this country, was taken from newsreel libraries and from Axis propaganda films confiscated by the United States Government. In compiling the record, more than 500,000 feet of film was examined.

In the confiscated enemy film was found Hitler's own photographic blitz in Poland, Holland, Belgium and France, as well as the Japanese and Italian invasion records. Much of the material showing the brutality of the aggressors had been used in enemy propaganda films to frighten neutral nations into surrender.

McCauley Boy Gets Registered Jersey Cow

One of the proudest little boys in Fisher County is Willie Ray Lee who lives near McCauley. He recently purchased a fine registered Jersey cow.

Here's his proof: "The American Jersey Cattle Club, 324 West 23 St. New York: A registered Jersey cow formerly owned by Elmo V. Cook, Abilene, Texas, has been purchased by Willie Ray Lee, McCauley, Texas. The animal is Brampton Standard Beckym 1368538".

You see, all Registered Jersey Cows are known and carefully recorded and watched over by the Jersey Cattle Club. Congratulations, Willie, the Herald hopes you will grow up and be one of the most prosperous young dairy farmers in West Texas.

State Senate Race—

Besides several other things important to be voted upon, next Tuesday, this district has to elect a State Senator to succeed Lt. Gov. Elect, John Lee Smith.

There are several men out for this office. Only one can be elected and it could be by only a plurality of one vote. A big vote is not expected over the state, but in the counties composing this 24th Senatorial District there should be a heavy vote.

Some of the men on the ticket are not known to you. Some you have heard a little about, while others you may know fairly well. It is not a big paying job, but it is an important place. It would appear to us that a well balanced senate, one that represents every angle of the state's population, would serve best. You can't vote for but one and it is

not safe to guess. Before next Tuesday try to find your MAN.

CHARLIE A. JONES
Of Rotan — Candidate
FOR STATE SENATOR

To the voters of Jones County and the 24th Senatorial District: I will speak to you over KRBC, Abilene, Monday, Nov. 2nd from 1:15 to 1:30 P. M. (afternoon).

Friends, after having raised a family of six children, I know home life. Having three in college and three in high school, I know something of the school problems. Having worked on public works in Texas, Oklahoma, Kansas and North Dakota, I know something of labor problems. Having farmed on these same acres over 22 years, I know agriculture. Having bought and paid for this farm I know notes, taxes, interest, insurance, contracts, leases, mortgages and other business transactions. I know the value of a dollar.

I am treasurer of the Fisher Co. Baptist Association, also president of the Ass'n. Brotherhood. I have spoken in Austin, during the sessions of the legislature on two occasions.

If elected your senator I will be honest, economical and represent every interest, without fear or favor. Long years of hard work has placed me in a position to make this race, and efficiently fill the office if elected.

I will appreciate your speaking to your friends for me.

Thank you and best wishes for good government.

What The People Say About Charlie A. Jones

Charlie A. Jones has given more to charity, benevolence, the church, and politics than any man I know in Fisher County.

Guy Patterson, Rotan Banker

Charlie A. Jones is one man that is always found in his place in the church services.

Lawrence L. Trott

Pastor First Baptist Church, Rotan
Charlie A. Jones is clean, honest, and has the courage of his convictions.

M. D. Ivey, Rotan Banker

For these 22 years I have known Charlie A. Jones, to be a progressive, hard working farmer, who started at the bottom, and now owns one of the best farms to be found in Fisher County.

R. F. Stevenson,
Life Ins. Representative

I know Charlie A. Jones to be clean in politics, sincere in his religion, honest in his dealings, a good financier and a leader in his community.

C. J. Dalton, Fisher County School Superintendent

Charlie A. Jones will appreciate your support in his race, for the place vacated in the State Senate, by the Hon. John Lee Smith, who becomes Lieutenant Gov. of Texas.

Please vote for Charlie A. Jones for State Senator, November 3rd.

Pvt. John Howard arrived last Friday from Camp Edwards, Mass. to spend a short furlough at home with his parents. However, it appears that Dallas attracts as much as Hamlin. We now know why he hikes out to Dallas when he comes in from Camp. It won't hurt a thing here, to say that Miss Mildred Traylor of Dallas is a guest in the home of Mr. and Mrs. John V. Howard, Sr., till the young soldier leaves on November 3rd.

Soldier boy Corp. J. T. Counts was here last week from Camp Shelby, Miss. to visit home folks.

—S & S—

Mrs. Rosie Embrey who lives on Central Avenue and 2nd St., has received word from her son, Pvt. Jas. T. Embrey, that he had arrived at Camp Roberts, California.

Mrs. W. J. Miller of Tarzan is here to visit her son, Pat Miller and family and daughter, Mrs. Scott.

About Soldiers--Sailors

A SEABEE HEARD FROM

Say, you soldiers, sailors, seabees, marines, coastguards, airmen, wacks and waves from Hamlin and this section of West Texas, the Herald wishes we could devise a heading for your news, that would include every one of you, individually. But that is impossible. Soldiers and sailors and all that goes with them will have to fit. "Service Men & Women" might do but is too broad, so we shall keep on telling all we can get, and all we are allowed to say about you. One thing right here, we want to tell you that you are in a Young People's world conflict and we wish you could see the reactions of your kid brothers and sisters back here in Hamlin. Gosh, any little old thing they can do to help, they fly in and "bust it open." They act just like they did up in the grand stand, or on the sidelines . . . they are peeping for you and yelling to "hold that line". If you get hurt they will cry for you, and wish they could get in there and help out. Then there is that old Mom and Pop; not many young fellows left now to help them along with the jobs but they too are working and working for your victory. Fellows, the most determined people in the world are back of you and we shall whip the stuffing out of the Germans and the Japs if it takes a hundred years. And let's not stop till we do it, good and brown.

—S & S—

That old soldier regular from Hamlin, O. D. Conner, sends a regulation birth announcement from Coolidge, Arizona, Jap Internment Camp. It is another girl, Jerry Virginia. Congratulations, Sgt. Conner. You'll soon have a WAAC squad.

—S & S—

Harold Newberry Sr., assistant manager of the Clover Farm Store, volunteered for the Air Corps Maintenance. He started for Minier Wells Tuesday for his final conditioning and from there he will go to The Goodfellow Field at San Angelo. This makes two sons and one grandson in the Service for Mr. and Mrs. O. C. Newberry. Lt. Horace Newberry is in the British Isles; Harold Newberry Jr. is in the Navy at Great Lakes and so now the father of the Sailor boy goes into the Air Service. What other father can match Harold Newberry Sr?

—S & S—

Mr. and Mrs. Bert Whaley Jr. were in Hamlin a few hours visiting with their parents, Mr. and Mrs. Bert Whaley, Sr., while on their way from Albuquerque to Miami, Florida. Bert is in the Air Service and is entering the officers school.

—S & S—

Mr. and Mrs. Charlie Young were called back to Camp Livingston, La. on Wednesday of last week, by a message that their son Sgt. Dee, had grown worse. (You will recall that Sgt. Dee was seriously hurt on maneuvers several weeks ago). They remained there till Sunday afternoon, but Dee has never regained consciousness. A brain operation was performed before they arrived on Thursday and his breathing got better. His sister, Miss Pauline, a nurse from Lincoln, Nebraska, had visited Dee, but left him a short while before he became worse. Mr. Young says they are giving Dee all the care science knows . . . it is not a matter of money . . . nothing more can be done than is being done at any price. The doctors hold out hope that he will pull through but perhaps it means he will not be recovered for a year or two. All of Dee's friends are very anxious about him.

—S & S—

Sailor boys, Horace Payne and G. W. Turner have been enjoying home associations this week, after being booted about in the Great Lakes Station the past few weeks. Payne had to leave Thursday on his return and Turner will be here till Monday. G. W. is a son of Mr. and Mrs. Grogan Turner, and Payne is a son of Mr. and Mrs. B. C. Payne, who now have three sons in the Navy.

—S & S—

Pvt. Alvie Mullins, a recent volunteer for the Army Air Force at Lubbock was "sociatin'" on the streets of Hamlin the past week end. Thinks he left more Hamlin boys at the Lubbock camp than he found in Jones county.

—S & S—

Lieutenant George D. Thurman, (just plain doctor to us) spent several days of this week in Hamlin on business and enjoying "gab" with his old friends. Dr. Thurman was accompanied by his wife and little daughter. He is stationed at the Harlingen Air Gunnery School.

Did you know Hamlin has Seabees in the armed forces? Well, we have. Tollie Fudge is a Seabee and do you know what a Seabee does? They are the construction force who signs up to go anywhere in the world to fix up things for the Army, the Navy, the Air Forces, Nurses, shops, and everything to help hold a spot of land taken. They hold hammers and nails, saws and screwdrivers in their hands while their pockets are filled with guns and hand grenades. They can stop building in a minute, start killing their enemy. We bet on the Seabees. Here's what Tollie Fudge says:

Dear Mr. Pope:

How is everybody in Texas? Still arguing about whether gasoline should be rationed or not, I suppose. Well, gas is precious here and hard to be found.

I am in a company composed of boys from Texas, so it is not as lonely as it might be otherwise. They are a fine bunch of men, ranging in age from a grandfather to eighteen years of age.

Our drill instructors are from the regular Marine Corps and they are not partial, for you see we have to get all the training the regular navy gets in six months; into six weeks. We are pushed from five-thirty until nine-thirty every day.

Well, you boys buy the bonds, and we will build the bases on island X.

Yours for victory,

Tollie Fudge C-N 3-C

—S & S—

Mr. and Mrs. R. L. Dean have already received a "Merry Christmas" from their son Ira Alton, who has been in the Navy over two years. Ira Alton is on a big fine battleship, to mention the name would not hurt anything, but it is a "whopper" and might be in the thick of battle "down yonder". These parents have four sons in the Navy, Army, or other services. Alton, Travis, Wellie and Robert. Sailor Alton, Air Mechanic Travis, Seabee Wellie and Shipbuilder Robert. Yes, there are three grandsons in the service or doing war work.

—S & S—

Another one of our Hitson boys, Pvt. Claude H. Haight, sends cheery greetings from his place in the Med. Det. Dept., A. A. F. T. S., Barracks 1025 at Lincoln, Nebraska. Claude is a son of Mr. and Mrs. H. F. Haight. He says he really gets cold "up here". He wants some of the folks down here in Texas around Hamlin to write him. He says the food is good and he is satisfied. This kid volunteered for service on Oct. 6th.

(This boy is just like all the rest of them. They desire to hear from the home folks. And say, it will cost but a little time, and about four cents worth of paper and stamp to remember a boy. Let's do that much for them occasionally. The Herald gets letters from them very often and it certainly makes something well up in our eyes to read their words of victorious spirit. If these kid-boys could know how the kids back home rally to everything leading to victory, it would do them good.)

—S & S—

Many of the friends of Lee Greenknow where he is and some of us have missed him from around Hamlin. Well sir, Lee tried and tried to get into some kind of "Fightin' service" but owing to a defect in his talking they turned him down. Now he is happy in government construction work in Vancouver, Washington. If you want to remember him, send your mail to Dormitory G Room 265, Hudson House. There is nothing wrong with Lee. He is as big as a horse and tough as a mule.

—S & S—

Elbert Harris who has been employed on The Stamford American newspaper, leaves this week for Camp Wolters, Mineral Wells, having been inducted into the Army on October 15th.

—S & S—

Truett May, who has been an auditor in the Glenn Martin Plant for the government at Baltimore, went to Abilene Tuesday to enlist in the Navy, and went on to Dallas Wednesday to complete his physical. Truett and his wife and two children have been visiting their parents in Hamlin several weeks. He feels that he should get into the service and is giving up a fine job in the government to play a part in the war.

Uncle Sam Needs Your

SCRAP

Before the Snow Flies

We've all heard a lot lately about the need for scrap metal.

Probably you've already done something about it.

But every one of us has got to do more. *Much* more. AND DO IT QUICK!

Here's Why

This war is swallowing steel like a quicksand.

We need scrap metal to make steel . . . steel for *more* tanks . . . *more* planes . . . *more* ships . . . *more* guns . . . and *more* shells.

It's our job to supply our boys and allies with all these things they *must* have to smash the Axis on land, at sea, and in the air.

Scrap Is Precious

Steel for tanks, planes, ships, etc., is made by melting old scrap metal with pig iron—about half and half.

The pig iron is made from iron ore that comes from mines.

But that precious scrap—THAT'S got to come from us folks here on the Home Front.

What Is Scrap?

Scrap is ANY old thing, made out of iron or steel, that we don't absolutely need.

It is anything from a hairpin to a busted steam boiler . . . from a paper weight to a cracked rail.

It is old machinery, pipe, tools, flat-irons, auto parts, screws, nuts, bolts, bathtubs, lawnmowers, stoves, tanks, metal barrels, iron fences—and what have you.

Where Is It?

This old scrap is everywhere. It is in cellars, attics, closets, alleys, auto graveyards, fields, garages, barns, and factories.

We've all got SOME, be it little or much.

A typical town family is said to have about 70 pounds lying about; a farm family, nearly 750 pounds.

In ten months after Pearl Harbor the Santa Fe scraped together 210,716,000 pounds of scrap. A pound here, a ton there. That's how it mounts up.

Scrap Means Steel...Steel Means Victory Sell It or Give It...But Get It In

Steel is the only language those bandits in Tokyo and Berlin understand. Let's give them plenty of talk . . . *in their language*.

Every county, city, and town is having a scrap drive. Watch your local newspapers on how to get in it. Sell what you have, or give it away—but *get it in!* And now's the time, before snow flies!

Your scrap can save American lives and help shorten this war. Every pound *you* turn in helps.

Certainly, ranges are rationed Here's why:

Range factories are making War Goods

IT'S a good sign, too, when you think about it. It means this country is bearing down on the war. Think of the guns, tank-plates, and airplane parts that American gas-equipment factories can turn out (some of the range factories had been making 550 ranges per day).

Take good care of the gas range you have. Gas ranges are for sale in the U.S.A. only to those persons who positively need them. (The same applies to Water Heaters).

Spoon Bread

This famous American recipe doesn't sound exciting, but it makes up with a spirited flavor and a high fragrance. Lots of vitamins, too.

1 cup boiling water 2 teaspoons baking powder
2 cups yellow corn meal 1½ cups milk
1 teaspoon salt 2 egg yolks
2 tablespoons butter or margarine 2 egg whites

Pour boiling water over the meal, salt, and butter, stirring constantly. Let stand until cool. Add baking powder, milk, and beaten egg yolks, and blend well. Fold in stiffly beaten egg whites. Bake in a moderate gas oven (350 degrees F.) for 45 minutes. Serve immediately.

Mrs. Elmer Brewer who has been in the Abilene hospital in a serious condition for several days, was able to be brought home on Wednesday of last week. She will be restricted to her bed for some time yet. Mr. Brewer who had just started in the munitions plant in Amarillo, returned Saturday night so he could resume his place in the plant on Monday.

What You Buy With WAR BONDS

A Flying Fortress is to America's air fleet what heavy artillery is to the Army. This gigantic four-motored bomber, equipped with heavy cannon, carries about three tons of bombs and reaches a speed of about 300 miles an hour.

These ships carry a crew of seven to nine men, weigh about 22½ tons, have a wing spread of 105 feet and each motor develops 1,000 horsepower. We need more of these "Flying Fortresses" to compete with the Nazi air force. You can help by investing at least ten percent of your income in War Bonds every payday. Buy them from your bank, post-office or other convenient issuing agent.

You can now make butter from grass. All you need is a cow and a churn.

Frank Roberts Of Breckenridge, Is A Candidate for Senate

Frank S. Roberts of Breckenridge, is a candidate for the Texas Senate from the 24th District to succeed John Lee Smith of Throckmorton, Democratic nominee for Lieutenant-Governor, after Smith takes office in January.

Roberts, a member of the law firm of Roberts & O'Connor of Breckenridge, is the son of a country doctor, worked his way through High school and college and taught school for a while. He said he is offering his services to the people as their Senator based upon public service experience. This dates back to the Spanish-American War, in which he served as a Rough Rider under Teddy Roosevelt.

As an appointee of Gov. W. Lee O'Daniel as a member of the State Board of Public Welfare, District Judge of the 22nd District while residing at Lockhart, director of the West Texas Chamber of Commerce, and delegate to the National Conventions in 1936 and 1940, both of which nominated President Franklin D. Roosevelt, Judge Roberts is known to many throughout this Senatorial District.

He bore the distinction of being one of the youngest in service in the Spanish-American War, the oldest man in the Officers' Training Camp at Leon Springs during World War I, where Buford Jester, railroad commissioner nominee, was the youngest, and offered his services in the present war but could not be assigned because he was past 60. He served two and half years in World War I, part of which was overseas.

He moved to Breckenridge following his discharge from service, and there has served as president of the Breckenridge Chamber of Commerce, Commander of the American Legion Post and president of the Breckenridge Rotary Club.

In an interview at Breckenridge he said he felt he could serve effectively in the Senate during the war and in the after-war reconstruction for business and the re-

turning soldier, in which he emphasized he feels the preservation of State's rights will be of vital importance.

He added: "I have never supported any man whose honesty and loyalty to the common good was questioned. I am 100 per cent for President Roosevelt and his program for winning the war, and the last ounce of our energy, the last penny of our wealth, and the full man power of the nation should be drafted to defeat the enemy and hasten our victory. I would give a 24 hour service of supply to our boys who are now fighting and dying on the battle fields of the world for our liberty."

BOYD CHAPEL CHIRPS

By Mrs. James Ferguson

Mrs. A. B. Maynard has been visiting her son Roy Lee Maynard and wife, who are proud parents of a fine son born on October 16th.

The Defense program, which was given at the Boyd Chapel school last Thursday night proved to be a success. Something over \$50.00 was sold for stamps and bonds.

Mr. and Mrs. C. E. Young left for Camp Livingston, La., last Tuesday to visit their son Dee, who was seriously hurt while on maneuvers several days ago. A message received by the brothers here Wednesday stated that he was taken suddenly worse and they had to perform a brain operation. Miss Pauline Young, his sister, who is a nurse in the Bryan Memorial hospital in Lincoln, Nebraska, is also with him.

Earnest Hartline of Pamona, California, and F. C. Harp of Hodges community spent Tuesday with Francis Bowen.

Mr. and Mrs. Grady Wilson and family visited Mr. Wilson mother and sister, Mrs. Shields of Abilene Sunday.

Visitors in the home of Mr. and Mrs. Thompsey Young Sunday were Mr. and Mrs. Bert Killingsworth and baby of Longview.

Mrs. Ben F. Bird of Abilene visited her brothers, Tootsie and Bakie Young Sunday.

Mr. and Mrs. E. K. Whittenburg received a message Sunday that Mr. and Mrs. Clarence Whittenburg of Grand Prairie were the proud parents of a baby girl born Saturday, October 24th.

Mr. and Mrs. Paul Young and baby visited Mrs. Young's parents, Mr. and Mrs. W. M. Gruben Sunday.

Mr. and Mrs. Jesse Handcock of Hamlin visited Mr. and Mrs. Thompsey Young Saturday night.

Raymond Thomas Gregory who is working in the American Defense plant at Grand Prairie is at home on his vacation visiting his parents, Mr. and Mrs. Thomas Gregory.

Mr. and Mrs. J. A. Holden visited Mr. and Mrs. Byron Maberry and Mrs. Maggie Dunn of Sylvester Sun-

day afternoon.

Am glad to know that Wanda Fay Carter who has been confined to her bed room for several weeks is up and able to go around. She spent Friday in the home of Mrs. C. E. Prindal.

Mr. and Mrs. C. E. Prindal were Sunday dinner guests in home of Mr. and Mrs. O'Neal of Hamlin.

Mr. Boss Carter who has been in the Hendrick Memorial Hospital in Abilene for several days is slowly improving.

Milton (Squab) Wilson, is another Hamlin boy fighting the Japs by repairing ships in the Bremerton Washington Navy Yards. The ships bombed at Pearl Harbor nearly one year ago are too well known to the Japs to keep on keeping their names out of the press—it seems that some body is afraid to talk to fellow American. The Japs know that they sneaked in and did far more damage than most of us think. Wilson named the ships that were bombed and sunk in the shallow waters of Pearl Harbor, and he says they are about ready to re-enter good as new with newer guns to "go after the Japs in a big way very soon".

The best way to forget the cost of living is to live so that it's worth it.

Mrs. H. S. Cowser of Odessa was a guest of her sister, Mrs. Elmer Feagan this week.

Elmer Fegan Jr. spent the past week end at home with his parents and friends.

He'll report to you in advance on lubrication and anything that he finds you need for the duration of your car! Care For Your Car... For Your Country

THE well-dressed woman will wear overalls—willingly—to care for her country's cars. And on her civilian duties she doesn't go faster than 35—same as all other patriots. 35 gets you there without undue wear. But there's another battlefield against wear at exactly 100 miles per hour!

When your car's stock-still, with the engine starting cold, what's faster—your Winter oil or rampant Friction? You can have hopes—or you can have your engine OIL-PLATED by the quick simple change to Conoco Nth motor oil. Enriched by an added synthetic, this patented Conoco Nth oil seems to "magnetize" OIL-PLATING to inner engine surfaces as closely as durable plating on bumpers.

Where does any good plating go during all-day parking or overnight? It doesn't go. It stays. And neither does OIL-PLATING all go draining down to the crankcase at every chance. Long hours after you stop—long minutes before any oil from below could climb all the way up—the OIL-PLATING that's stayed up can be easing cold starts. This faithful OIL-PLATING is still there at 35, of course, aiding the high-duty liquid film of Nth oil to keep wear that much farther away.

Not much chance now of changing to a new car. Smart strategy is changing to an OIL-PLATED engine. Get Conoco Nth oil for Winter at Your Mileage Merchant's Conoco station. Continental Oil Company

Mrs. Caperton Pace Sorority Guest Speaker

On Tuesday evening, Oct. 27, the Beta Theta Chapter of Beta Sigma Phi entertained with a reception in the Home Economics Department of the High School.

The dining table was laid with a white drawn cloth, centered with the yellow chrysanthemums flanked by yellow tapers. Rosebuds were used at vantage points throughout the reception suite.

Guests were received by Mrs. Holly Toler, director of the chapter, Miss Loucille Willis, president, and Mrs. Caperton Pace, honoree. Presiding at the coffee service was Mrs. Perry Sparks and assisting in serving were Mrs. John Ed Day, Mrs. Melvin Grigg, and Miss Elsie Wienke. Mrs. Gerald Morgan, Mrs. Jake Lambdin, and Miss Edwina Gilbert directed the guests to the adjoining room.

Mrs. Pace, of Stamford, a missionary to India for the past fifteen years, who has recently returned to the United States, gave a most interesting discussion on "Women of India". She was dressed in a very attractive native costume and displayed other types of dress, using Miss Joan Culbertson and Phala Davis as models.

Woman's Literary Club Opens Year's Study

Opening the year's study for 1942-1943 The Woman's Literary Club assembled Friday afternoon, Oct. 16, in the home of Mrs. Art Carmichael on Central Avenue with 20 members present.

The theme of study, "The American Home Lives Now" which includes book reviews and special programs was appropriately begun with The American Home, directed by Mrs. W. A. Albritton who also gave an interesting word picture of A Typical American Home in a ten minute talk. Highlight of the program was a book review, "In This Our Life" given in a very interesting way by Mrs. Tate May. Roll call was answered with Bits of Home Philosophy.

HOWARD C. DAVISON of Fisher County, candidate for State Senator to succeed John Lee Smith (Lieutenant Governor-elect) IS a LEGISLATOR OF PROVEN ABILITY, having served two terms in the House of Representatives at Austin. He was re-elected to his second term without an opponent, and voluntarily retired at the end of his second term.

HOWARD C. DAVISON, during his legislative service:

Was chairman of the Committee on Criminal Jurisprudence, and a member of the committees on Highway and Motor Traffic, Livestock and Stock Raising, Privilege, Suffrage and Elections, State Affairs, and Appropriations.

HOWARD C. DAVISON as State Senator:

IS FOR co-operation with Governor Coke Stevenson, and co-operation of State with Franklin D. Roosevelt in carrying out his War and Foreign policies;

IS FOR the amendment to the Constitution to be voted on November 3rd, that will place the State on a cash basis, because it will provide a check on legislative spending.

IS FOR honest to goodness economy in State government by spending less money, and still meet the needs of actually carrying on reduced State government services, and still meet the need created by the WAR EMERGENCY.

IS FOR a broader application of the fundamental principle that the best governed people are the least governed people, and that States Rights should be protected jealously.

IS FOR removing statutory ceiling on the use of the tax money already provided to pay Old Age Pensions;

IS AGAINST and will fight against ANY NEW TAXES for any purpose.

HOWARD C. DAVISON is Able, Conscientious, Honest, and EXPERIENCED.

DON'T EXPERIMENT by voting for an untried and unproven candidate, but in these perilous times BE SAFE with HOWARD C. DAVISON for State Senator. He is a man of tried and proven Legislative ability. Be sure and go to the polls and vote. (Paid Pol. Adv.)

Four Years in Legislature, working with Coke Stevenson for lower taxes and honest government

The Gas Question—Read It Carefully

Your gas rate is too high. Consumers at HAMLIN and her neighboring towns are paying the highest rate in Texas

The rate for 5,000 cubic feet per month in the following:

HAMLIN \$4.50
ANSON \$4.50
STAMFORD \$4.50
ROTAN & ROBY \$4.50
HASKELL & RULE \$4.50

TOTAL \$22.50
\$10.80
\$11.70

Lower rates in the neighboring cities as follows:

EASTLAND \$2.00
CROSS PLAINS \$2.05
RISING STAR \$2.50
GORMAN \$2.50
BROWNWOOD \$1.75

TOTAL \$10.80

LOOK AT THE DIFFERENCE IN 5 CONSUMING TOWNS ONLY
There is no reason or excuse for this unfair and unreasonable rate. Your rate is twice as high as it should be, and it can and must be reduced. Cecil Lotief while in the Legislature, worked, fought and succeeded for the home-owners and the housewives in his district. If I am chosen your Senator, I pledge to do the same work and reduce the high rates here in Hamlin. I have been tried in the House and found capable to do the job. Try me once in the Senate.

Visiting in the home of Mr. and Mrs. L. E. Rector last week were Mrs. Nellie Simer of Roswell, N. M., and Miss Lillian Marshall of Portales, N. M.

Pvt. Howard Miers who is stationed at San Francisco and who is in the service of the Military Police, is on leave for fifteen days and is visiting his parents, Mr. and Mrs. S. E. Miers of McCaulley. He is also visiting relatives at Lamesa while on leave.

Mrs. Lee Hendon handed us subscriptions for the Herald for three boys in the armed forces. Two of the boys are her sons and the other a nephew and they are: Ruth and Ernest Hendon who are in the navy, and John Willie Griffith who is in the ground crew of aviation. Thanks, Mrs. Hendon.

Mrs. Byron Maberry and Melvin Hunter handed us a dollar each for a re-newal to the Herald for another year and we say thanks.

Miss Lillian Akins, daughter of Mr. and Mrs. M. L. Akins leaves for Washington, D. C., within the next few days where she will be employed by the department of the F. B. I. Miss Akins' new duties begin November 2 and we wish her every success in her new work in the Nation's Capitol.

A large crowd attended the Mens Bible Class at the Baptist church last Sunday. A new member, Luin Maberry, joined our class and there is still room for a number of men and you are cordially invited.

Cecil Woods and Milton Webb have been inducted into the services of Uncle Sam and will leave Tuesday, Oct. 30th for Camp Wolters. Best wishes.

While in the bank a week or two ago we met Truett May, who has been employed in the Nation's Capitol. Mr. May tells us that his plans now are to enlist in the Navy or Marines and perhaps by this time he is in some branch of the service. Men like Mr. May are to be commended on their patriotic stand in times like these and I am sure we all appreciate the fact that men all over the country are more than willing to have a part in this gigantic struggle, and it does mean something for men to give up good jobs and line up with the forces of right that we may all live in peace in the future.

Bynum Akins, bookkeeper at the Texas Cotton Growers Gin, is enlisting in the Navy and Bynum expects to be in the Naval Aviation and no doubt but what Bynum will make the grade as he is made of the right stuff. He leaves for Dallas Thursday for final examination.

Visiting in the home of their parents, Mr. and Mrs. S. E. Miers last Sunday were: Mr. and Mrs. W. Miers and children of Lamesa; Mr. and Mrs. N. D. Miers and children of Hobbs; Mr. and Mrs. L. B. Miers and children; Mr. and Mrs. R. L. Miers and Mr. and Mrs. Ellis Eivens of McCaulley.

Mrs. C. E. Dick is visiting this week in the home of daughters in Crosbyton.

Mrs. F. L. Rector has returned to her home after several days in a

Rotan hospital. Glad to report that Mrs. Rector is doing nicely.

About 75 per cent of the cotton has been harvested in this community, and the hail and rain a week ago did a major portion of the gathering, but there are some farmers still looking for pickers.

The nutrition courses were started last Tuesday and these courses are being taught by Miss Folkes the H.-D. Agent, and it is the first course to be taught in the county. Mrs. Jim Jackson is chairman.

The Home Nursing course taught by Mrs. Clayton Roberts of Plasterco, started last Friday with 24 ladies enrolled. All ladies of this community are invited to take these courses.

Mrs. Frazier Kemp is visiting in the home of Mr. and Mrs. B. F. Kemp near McCaulley. Her home is in Oklahoma.

Ralph Bishop, civil service employee of Dallas visited his wife and children in McCaulley last week.

Walter Faulkenberry of Buffalo Gap, Texas, visited relatives in this community for a week.

O-O-O

The boys in their teens are marching off to war. Some are enlisting and others will soon be inducted. There is quite a bit of argument for and against the 18 and 19 year olds being called into the service, but the military leaders all agree that the young man makes the best soldier. Well, we don't know about that, as it seems that Major Dolittle did a fair job over Tokyo and he lacks a lot being a young man. But we just imagine that the young soldier, sailor or Marine is about tops when it comes to long marches and hand to hand fighting yet it won't hurt to have the old as well as the young doing a lot of fighting. We are all in the same boat.

Mr. Willkie, reporting on his trip around the world, should have opened the eyes of the military and civil leaders of these United States. Public opinion has been calling for months for more aggressive action in the war effort, years ago, to a certain extent, the folks back home were kept in ignorance as to what was going on in the Nation's Capitol, but that is all changed up now. A few years ago the American people could be lead to believe in most anything. When the shows came to town (and as a general rule the carnival "slickers" as they were called, would "gyp" the old country folks with their skin games but now most of the little boys are on to their tricks, and the same goes for political tricks. When the press attempts to blind the public or our representatives think they are getting away with loud talk about what we are shipping to our Allies, we know better. Then Mr. Willkie returns from around the world trip to inform us Americans that we are hearing a lot of "baloney" about our production and our shipments to our Allies, and we say if this is true, it is time for the public to demand a change in every department of our government if need be, to enforce the wishes of the entire world toward a final peace.

The peoples of the entire world are looking to America for leadership—let's not let them down.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Mr. and Mrs. C. H. Stonesifer of Vernon are visiting their sons John and Elmer and their wives.

Success does not depend on lying awake nights, but staying awake days.

Expresses Appreciation

We want to express our deep appreciation to the fire boys and friends who worked so fast and faithfully trying to save our home and furniture during the fire last Saturday afternoon.
